

Relationship Summary

We are Taiber, Kosmala & Associates, LLC (“Taiber Kosmala”), an investment adviser registered with the Securities and Exchange Commission. Investment advisory and brokerage services and fees differ, and it is important for you to understand the differences. Free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://www.investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing. Our firm and financial professionals’ registration information are also publicly available on the [Investor.gov](https://www.investor.gov) website.

What investment services and advice can you provide me?

We offer investment advice to high net worth retail investors. These services may include development of investment policy and strategy, investment manager search, and performance monitoring. We offer advice on portfolio allocation and third-party investment managers. Our services are generally provided on a limited discretionary basis, which means that we have the authority to retain third party investment managers without your prior consent. This authority remains in effect until you revoke it. We may provide non-discretionary investment advice, where we make investment recommendations to you and you decide whether to implement the recommendation. We do not give advice on any proprietary investment products.

We provide continuous and regular supervision of advisory client assets as part of our standard service to you. In addition, we will conduct ad hoc reviews if you change your objectives or risk tolerance, upon significant market and economic events, or if we change our investment strategy.

We require a minimum account size of \$5,000,000 and a minimum fee of \$25,000, which can be waived at our discretion.

Please visit the [Adviserinfo.sec.gov](https://www.adviserinfo.sec.gov) website for additional information on our firm. Select PART 2 BROCHURES and reference Items 4, 7, and 8 of our Part 2A Brochure for additional information on our services, investment advice, and account requirements.

Other Questions You May Have

Given my financial situation, should I choose an investment advisory service? Why or why not?

How will you choose investments to recommend to me?

What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?

What fees will I pay?

Our asset-based fees are calculated as a percentage of the assets under our management. Under an assets under management arrangement, our fees will rise and fall with the value of the assets we manage for you. As a result, we are economically incented to recommend that you place more assets in your account in order to increase the value of your portfolio, because as the value increases, so do our fees. In addition to our fees, you may be charged transaction or asset-based fees by your custodian for its services. These fees vary depending on the custodian. Under a transaction fee arrangement, the more transactions effected in your account, the more fees you will pay, and high activity in your account does not assure positive portfolio performance. Investment manager search and investment policy and strategy services may be individually contracted at a fixed rate as agreed upon by you and our firm.

Some securities carry additional costs such as mutual funds and ETFs. There are additional fees such as internal fees and expenses charged by mutual funds (i.e., 12b-1 distribution fees and management fees that are assessed within the mutual fund) and exchange-traded funds, third-party separate account manager fees, postage and handling, transfer taxes, SEC fees for sales of securities.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. **You can find more information about our fees and costs under Item 5 of our Part 2A Brochure, available at [Adviserinfo.sec.gov](https://www.adviserinfo.sec.gov).**

Other Questions You May Have

Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means:

- The managers of Taiber Kosmala control and provide services to an affiliate investment adviser, Advisor OS, LLC, which provides asset management services to Taiber Kosmala's clients as well as other third-party investment advisers.
- We act as a solicitor on behalf of certain third-party investor managers and receive compensation for referring prospective clients to such third-party managers.

Additional information regarding conflicts of interest can be found in Items 5, 10, 11, and 14 of our Part 2A Brochure, available at Adviserinfo.sec.gov.
